Sept 25, 2021. IRONHORSE APPALOOSA STUD Newsletter

Issue 3

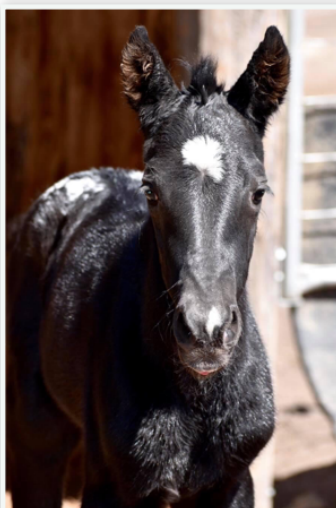

'Our intention creates our reality'

Foaling season has started with a bang at Ironhorse! 8 healthy foals have been born so far, all top shelf quality, each one we are extremely proud of. 7 more mares to foal, we are absolutely thrilled yet not surprised with what's been born so far. Quality comes in colour!

Meet our newest arrivals!

We are so pleased with what has hit the ground so far this season at Ironhorse. Our intention is to promote the Appaloosa. We are trying our hardest and we have achieved a lot in a short time. We have been successful in seeding new up and coming studs with quality stock rich in Appaloosa pedigree. We have been fortunate in being able to stand on the shoulders of some visionary breeders before us, who have gifted us with a legacy of rich Appaloosa pedigree and we are so thankful to those people we hope you all enjoy the photos and updates and our new newsletter. - The Ironhorse Team.

Q&A

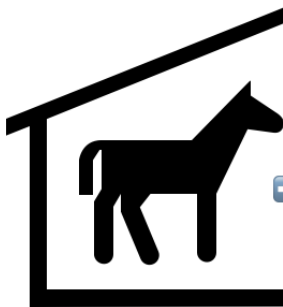

What is your outlook on the Appaloosa breeding world right now?

We are much more than a spotted quarter horse breed that some people perceive Appaloosas as. What we love is that people see that Appaloosas are not just a spotted horse, but a breed that has a history, a long one, longer than a lot of breeds have. Appaloosas are making a comeback and this excites us to the core. We have a long waiting list at Ironhorse. People want quality and they want rich Appaloosa pedigree and they are willing to wait and pay for it. When we started nearly 10 years ago, Appaloosas were not a sort after breed. It's really exciting to see people's mind sets change and choose the beloved Appaloosa to join their family. One of the main comments we get is "we are not Appaloosa people but we love your horses" we have so many first time Appaloosa buyers because of that.

Bill.

SOLO - Ironhorse Black Pearl x Yallawa Boys Night Out

Maternity ward news

- ➡ Ironhorse Spot On Dixie (Dixie) is now in, officially due Oct 1, has been known to always go a few days over her due date but she's enjoying the ward for all its perks. In foal to YBNO.
- ➡ Ultimate Romance (Nina) is known to come a couple weeks early, had the tiniest bit of wax on her teats yesterday afternoon, no long now.. In foal to Smokin Aces. These two make a lovely pair.
- ➡ Ironhorse Star Attraction (Bindi), is due in three weeks. She's next to Dixie (best buds) and is a while off yet. Due to YBNO, we can't wait to see what they produce, a first time cross. Praying for smooth deliveries and healthy mares and foals.

FUN FACT

Since we started IH stud we have bred and foaled down 63 Appaloosa x Appaloosa foals. All registered. With another 8 on the ground this season so far. 7 yet to foal.

Our hosing dock finally got an upgrade..now semi enclosed, a lot bigger, proper drainage and a hot wash! Our Appys won't know themselves! Made by Bill and Logan, there's nothing those guys can't do!

Focus on me
'Three V Dark Enchantress'

BR61997

Cayuse Dark Enchantment x Three V Docs Jess

2005 Solid Black Appaloosa mare with a star.
15 2hh, 5 panel negative.
Bred by Three V Appaloosa Stud, VIC.

Polly is a mare we knew we needed for our program, she catches your eye, brilliant, proven bloodlines and a lovely temperament. She has had two foals for us since we purchased her, including Ironhorse Dark Sourcerer who has a successful show record under his belt. Polly is a credit to her breeders, a well built appaloosa mare who brings a lot to the table at Ironhorse.

2021 Foal Feature

Yallawa Boys Night Out AAA & She's Simply Devine AAA have done it again. A full brother to our retained filly from 2020 'Topsy', 'Ryder' is an absolute knockout! This boy is colt material and we are thrilled to share he has been snapped up as a stud for his new owners on the South Coast of NSW (not too far from here!). Congratulations Brent you have been waiting patiently and have scored yourself a showstopper. Welcome to the Ironhorse Family!
